Dear Director Armstrong, Sheriff Spangler, Chief Ruble, Special Counsel Nichols, and Deputies:

Particularly given that the District Attorney's office has now closed its investigation into Mr. Binkley's death, I'm writing to request that each of you, as well as each of your agents and employees, maintain the integrity of any and all evidence, reports, documents, notes, videos, audios, emails, texts, voicemails, electronically stored information, records, data and information

of any kind pertaining to the pursuit, arrest, interactions with, and/or death of Mr. Binkley on July 27, 2019, and/or the transport of Mr. Binkley's body from the scene (the "subject incident"), as well as any part of the investigation of the subject incident, any related act or omission of anyone involved in the subject incident (including but not limited to the female passenger who was riding with Mr. Binkley during the pursuit and the responding law enforcement and emergency medical personnel), the investigation of the subject incident, and the medical examination and autopsy performed on Mr. Binkley's body (collectively the "subject information"). Please do not dispose, alter, modify, destroy or perform destructive testing on any part of the subject information prior to providing my office with a reasonable opportunity to inspect and copy it.

This preservation request necessarily includes, but is not limited to, any and all reports, incident reports, supplemental incident reports, autopsy reports, autopsy notes, witness statements, diagrams, recreations, reenactments, videotapes (whether from the deputies' body cameras, cruiser videos, or otherwise), audio tapes or files, photographs, fingerprint cards, dispatcher tapes and logs, activity reports, pursuit reports, affidavits of complaints, warrants, photographs of the scene and of anyone at the scene, field notes, daily activity logs, daily rosters, daily work schedules, policies, procedures, ambulance records or reports, medical entries, medical records, batons, flashlights, toxicology reports, memoranda, correspondence, autopsy photographs, slides, blood samples, tissue samples, organs, personal belongings of Mr. Binkley, alleged drugs and/or drug paraphernalia, insurance claim forms or documents, accident reconstruction reports, test results, officer's medical records or reports, employee statements or reports, repair bills, or any other evidence, records, documents or things pertaining to the subject incident and/or Mr. Binkley's death.

I am specifically requesting that all actions be taken as necessary to preserve all video, data, tapes, and all other recordings of any kind, as well as all other evidence of any kind or nature which may be recycled or recorded over, and that any such data, tapes and evidence be preserved and verified for accuracy.

If any evidence, data, or other items or information referenced herein has already been tested, inspected, altered, modified, destroyed, lost or changed in any manner, I am requesting that you identify with particularity the evidence, data, items or information that has or have been tested, inspected, modified, altered, destroyed, lost or changed in any manner and that you provide the name, address and telephone number of the person, persons, entity or entities involved in any manner in such information being tested, altered, inspected, modified, destroyed, lost or changed. Further, do not do any further testing or destructive handling of any such information without notifying our office and giving us the opportunity to ensure that the information is preserved.
